

# Remote Check-In

For your convenience, the **Remote Check-In** option on the **AMS Connect** app will advise the clinic that you are ready for your appointment, be it a Phone Consult call with your Doctor, or a Face-to-Face consult.

Download the app **AMS Connect** from your app store or scan **the QR Code** above using your phone's camera, search your Clinic, Tap Select and follow the prompts to Register.

Simply by opening the app and clicking on the **My Appointments** button, patients can select **Check-in**, either remotely or in-clinic, within a 30-minute window of the scheduled appointment time.
